## Managing Editor

Trish is a 32-year combat Army Veteran, who spent the better part of her last twelve years in uniform stationed at The Pentagon in Washington, DC. While there, her assignments included organizing major Army infrastructure and entertainment programs, including The Army Birthday Ball, Total Army Analysis, and Organization Days for the Senior Army Leadership and Army Staff Sections. Trish is also a published author with numerous credits, including The Knoxville News-Sentinel, Florida Women Magazine, and Lakeside Life.

## Photojournalist

Phil Stoecker grew up the son of journalists, and youngest of eight children in a small town outside of New York City. He joined the U.S. Navy in 1979, serving as a cryptologist aboard submarines and at overseas duty stations. After his 10-year stint in the Navy, he was hired by the Department of the Navy, where he served as a civilian analyst until he retired 27 years later and moved from the Washington D.C. area to the Tampa Bay area with his wife, Trish, the Managing Editor. Phil indulges his hobbies as an amateur photographer and writer, and strumming one of his seven guitars, one of which is pictured above in Trish's arms. He hopes to make entertaining contributions to this publication.

# Mountain Views & Moonshine: The Heart of the Smokies Awaits

## Trish Stoecker

Tucked into the foothills of the Great Smoky Mountains, Gatlinburg, Tennessee, is one of those magical places where tranquility meets adventure at every turn. About a 10-hour drive from Tampa, it's an accessible escape that feels worlds away, where the air is fresh, the views are breathtaking, and the pace slows down just enough to help you breathe again.

The star attraction is the Great Smoky Mountains National Park, the most visited national park in the country. With over 800 miles of hiking trails, rushing streams perfect for trout fishing, and scenic drives through ancient forests, it's a haven for outdoor enthusiasts. Cades Cove, a broad mountain valley nestled in the park, offers a peaceful 11-mile loop where you're likely to spot deer, turkeys, or even a black bear. Trails like the one leading to Abrams Falls reward hikers with cool mist and stunning photo ops.

If you prefer to pitch a tent or park an RV, campgrounds are plentiful and welcoming, many nestled deep in the woods or alongside burbling creeks. And with fishing, horseback riding, or just sitting under a sky full of stars, the park has a way of making you feel wonderfully small in the best way possible.

Gatlinburg suffered a devastating wildfire in 2016, a tragedy that tested the town's spirit. But like true mountain folk, the community rallied, rebuilt, and bounced back stronger than ever.

Today, Gatlinburg is thriving, with rebuilt lodges, new shops, and an even more profound sense of resilience.

Whether you're honeymooning or vacationing with family, lodging options range from rustic cabins to upscale chalets—many with hot tubs, fireplaces, and unbeatable mountain views.

Downtown Gatlinburg is full of charm, from kitschy souvenir shops to pancake houses and moonshine tastings. Just a short drive away in Pigeon Forge, you will find Dollywood, the Titanic Museum, and outlet malls for some serious retail therapy.

Gatlinburg invites you to unplug, unwind, and reconnect with nature, with loved ones, and maybe even with yourself. It's not just a trip—it's a memory in the making.

# METALLICA LIVE

## RAYMOND JAMES STADIUM

Photo Credit: Michael Joseph, Philadelphia

### **Metallica's 2025 Tour: A Thunderous Return to the Global Stage**

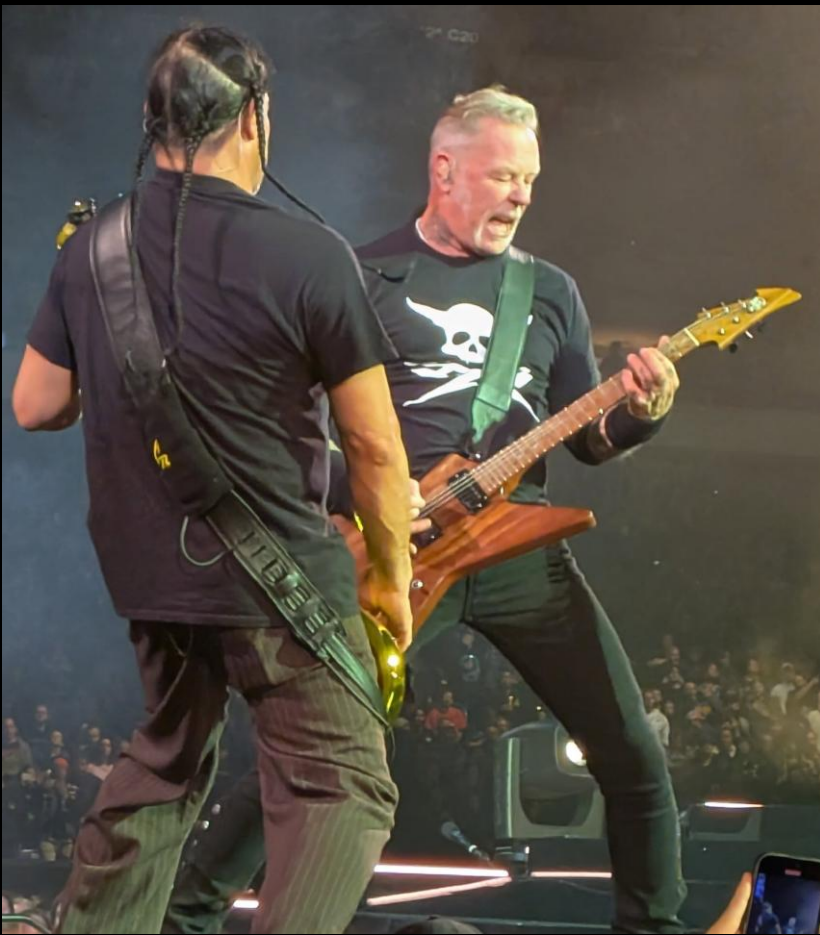

In 2025, Metallica proves once again that they are not just a band—they're a movement. With the launch of the second leg of their highly anticipated *M72 World Tour*, the legendary metal titans are storming stadiums and arenas across continents, bringing their signature intensity, sonic precision, and unmatched stage presence to a new generation of fans.

Fresh off the success of their 2023 album *72 Seasons*, Metallica's current tour is more than a victory lap—it's a celebration of a band still evolving after over four decades in the game. The *M72 Tour* features a bold new format: a two-night residency in each city, with entirely different setlists each night, dubbed "No Repeat Weekends." This approach not only pays homage to their vast and varied discography but also encourages fans to attend multiple shows, creating a festival-like atmosphere around each stop.

The tour's visual and technical aspects are as ambitious as the music. Metallica has introduced a new in-the-round stage setup, with a circular stage at the center of the stadium floor, bringing the band physically closer to fans and amplifying the communal energy. Dubbed the "Snake Pit 2.0," the fan-favorite section now sits inside the stage's core, immersing the most devoted Metallica followers in the heart of the storm. The lighting, pyrotechnics, and massive video towers give each performance a larger-than-life feel—more rock opera than standard concert. But even amid the spectacle, Metallica never loses sight of the raw, aggressive power that defines their music.

The setlists showcase the band's ability to balance nostalgia with relevance. Staples like "Master of Puppets," "One," and "Enter Sandman" ignite stadium-wide sing-alongs, while deeper cuts such as "Orion," "Disposable Heroes," and "Bleeding Me" offer a treat for longtime fans. The inclusion of *72 Seasons* tracks like "Lux Æterna" and "If Darkness Had a Son" proves the band's newer material holds its own alongside the classics.

What's particularly striking is how well Metallica's performances maintain energy and precision. James Hetfield's vocals are as fierce as ever, Kirk Hammett's solos remain blistering, Lars Ulrich's drumming is machine-tight, and Robert Trujillo brings a kinetic energy that anchors the band's groove with ferocity.

True to form, Metallica is using the tour not just to entertain but to give back. Their All Within My Hands foundation continues its philanthropic mission, hosting local charity events and donating proceeds to food banks and disaster relief organizations in each tour city. This aspect of the tour reinforces the band's commitment to being a positive force beyond the stage.

At this point in their career, Metallica could coast on legacy alone. But this tour makes it clear: they're not interested in slowing down.

The *M72 World Tour* is not just a celebration of what they've done—it's a statement about what they're still capable of.

As fans across the globe roar along to every riff and chorus, one thing is certain: Metallica is still writing history, one thunderous night at a time.

# EVAN LONGORIA SET TO SIGN ONE-DAY CONTRACT TO RETIRE AS A TAMPA BAY RAY

From the Tampa Bay Rays  
Press Release

The Tampa Bay Rays have announced plans to sign third baseman Evan Longoria to a ceremonial one-day contract ahead of the 16-year veteran's official retirement from Major League Baseball. Longoria's legacy and impact with the club will be honored during a pregame ceremony before the Rays take on the Miami Marlins on Saturday, June 7 at 4:10 p.m. E.T. at George M. Steinbrenner Field.

"Evan Longoria embodies what it means to be a Tampa Bay Ray. From the moment he stepped on the field, he brought excellence, leadership, and a competitive spirit that shaped the identity of this franchise," said Tampa Bay Rays Principal Owner Stuart Sternberg. "He, more than anyone, helped transform the Devil Rays into the Rays, and we are honored to welcome him home as he retires in the uniform where it all began."

The 39-year-old spent his first 10 major league seasons with the Rays from 2008-17 after being selected by the club in the first round (No. 3 overall) of the 2006 First-Year Player Draft out of California State University, Long Beach. During his stint in Tampa Bay, Longoria was tabbed for three All-Star selections and three Gold Glove awards while earning three top-10 finishes and six top-20 finishes in American League (AL) Most Valuable Player voting. He was named AL Rookie of the Year in 2008 and was tabbed as the 2009 AL Silver Slugger recipient at third base, becoming the second player in team history to earn a Silver Slugger award, along with Carlos Peña in 2007 (first base).

"Evan Longoria's place in Rays history is unmatched," said Rays President of Baseball Operations Erik Neander. "Over his tenure in Tampa Bay, he established himself as the cornerstone of our franchise, earning three All-Star selections, three Gold Gloves, a Silver Slugger, and becoming the first Ray to be named American League Rookie of the Year. He also delivered one of the most unforgettable moments in baseball history with his walk-off home run in Game 162. Evan leaves the game as our all-time leader in nearly every major offensive category. He not only defined an era of Rays baseball—he helped put us on the map. His impact, both on and off the field, laid the foundation for our success, and it's a privilege to celebrate his legacy."

The California native helped guide the Rays to the first four postseason appearances in franchise history, including a World Series run during his rookie season in 2008. Longoria delivered a walk-off home run in “Game 162” against the Red Sox in 2011, becoming the second player to send his team to the postseason by hitting a walk-off home run in the final game of the regular season along with Bobby Thomson’s “Shot Heard ‘Round the World” for the New York Giants in 1951.

“It was a personal honor of mine to be able to have a relationship with Evan and watch him play,” said Rays Manager Kevin Cash. “His work ethic, along with his performance, defines him as the best to ever put on a Rays uniform. The teammate he was and the way he and his wife, Jaime, supported our community illustrated how much he cared. It is only fitting that he ends his career as a Ray because of all the contributions that he made to the organization over his career”.

Longoria recorded 618 extra-base hits during his Rays tenure, the third most by a third baseman over his first 10 major league seasons behind Nolan Arenado (668) and Eddie Matthews (648). His 338 doubles are tied with Arenado for the third most behind Wade Boggs (400) and David Wright (345). He recorded nine 20-homer seasons with the Rays, tied with Kyle Seager for the second most in AL history by a third baseman behind Graig Nettles (10).

Longoria is the Rays all-time franchise leader in games (1,435), runs (780), doubles (338), home runs (261), extra-base hits (618), RBI (892), walks (569), intentional walks (77), total bases (2,630), sacrifice flies (76) and walk-off RBI (eight). He is one of eight players leading one of the 30 current major league franchises in games, doubles, home runs, extra-base hits and RBI, joining **Hank Aaron** (Braves), **George Brett** (Royals), **Todd Helton** (Rockies), **Stan Musial** (Cardinals), **Luis Gonzalez** (Diamondbacks), **Cal Ripken Jr.** (Orioles) and **Ryan Zimmerman** (Nationals).

## Honoring 250 Years of the U.S. Army

This June 14, 2025, marks a monumental milestone: the 250th anniversary of the United States Army. From its inception in 1775, when the Continental Congress established the Continental Army to fight for independence, to its current status as a global force for freedom and stability, The Army's journey is a testament to resilience, adaptability, and unwavering commitment to the nation.

The Army's rich history is filled with pivotal moments that have shaped both the institution and the world. From the Revolutionary War to the Civil War, World Wars I and II, and numerous conflicts thereafter, the Army has consistently answered the call to defend the nation's interests and uphold democratic values. Each generation of Soldiers has built upon the legacy of those before, adapting to new challenges and technologies while maintaining the core values of duty, honor, and country.

Reflecting on the past few decades, the Army has undergone significant transformations to meet evolving global threats. The end of the Cold War brought about a shift in focus, leading to involvement in humanitarian and peacekeeping missions in regions like Somalia, Haiti, Rwanda, Bosnia, Herzegovina, and Kosovo. These operations highlighted the Army's versatility in addressing complex international crises, extending beyond traditional combat roles.

The events of September 11, 2001, marked a turning point, ushering in an era defined by the Global War on Terror. The Army rapidly expanded its capabilities and end strength to engage in prolonged operations in Afghanistan and Iraq. Operation Enduring Freedom commenced in October 2001, aiming to dismantle terrorist networks and stabilize the region. The subsequent invasion of Iraq in 2003 further demonstrated the Army's capacity to conduct large-scale, sustained operations, with over 1.5 million Soldiers deploying during nearly nine years of engagement.

These extensive campaigns have provided invaluable lessons in military strategy, counterinsurgency, and nation-building. The importance of understanding local cultures, building partnerships with indigenous forces and adapting to asymmetric warfare became evident. The Army's experiences in these theaters have informed training, doctrine, and leadership development, ensuring that future operations are approached with greater insight and preparedness.

### Commemorating the 250th Anniversary

To commemorate this significant anniversary, the Army has planned a range of events and initiatives. A notable highlight is the special exhibition titled "Call to Arms: The Soldier and the Revolutionary War" at the National Museum of the United States Army, located at 1775 Liberty Drive, Fort Belvoir, Virginia. The museum officially opened to the public on November 11, 2020, and is open daily from 9:00 a.m. to 5:00 p.m. Admission is free, and we recommend purchasing general admission tickets to ensure the most enjoyable visitor experience. This exhibition will open to the public on June 7, 2025, offering visitors a glimpse into the lives of early American Soldiers and the Army's foundational role in securing independence. For more information, visit [thenmusa.org](https://thenmusa.org).

Additionally, the Opening the Vault: Washington and Franklin exhibit at the National Archives Museum in Washington, D.C., will be on display from May 7 to August 6, 2025. This exhibit features historic, handwritten documents of two Founding Fathers: George Washington, the first President, and Benjamin Franklin. These items highlight landmark milestones in American history, commemorating the first Commander-in-Chief of the Continental Army and the first Postmaster General. These historic treasures also celebrate the 250th anniversary of the establishment of the U.S. Army and the U.S. Postal Service. The museum is open daily from 10 a.m. to 5:30 p.m., and admission is free. For more information, visit [archives.gov](https://archives.gov).

Over my 32-year career in the Army, I witnessed firsthand the evolution of our military force. Commissioned as a second lieutenant at the University of Tennessee on June 8, 1984, and retiring from the Pentagon on April 1, 2016, my journey encompassed a period of profound change and growth within the Army. From the Cold War's tense standoffs to the rapid deployments of the post-9/11 era, I observed the Army's adaptability and unwavering commitment to its mission. The dedication of my fellow Soldiers, the advancements in technology and strategy, and the lessons learned from each operation have left an indelible mark on me. As we celebrate this 250th anniversary, I reflect with pride on the Army's enduring legacy and its role in shaping our nation's history.

As the Army celebrates its 250th anniversary, it presents an opportunity to reflect on its storied past and look forward to the future. The challenges ahead will undoubtedly differ from those of the past, but the Army's core mission remains unchanged: to fight and win the nation's wars. With continued adaptability, innovation, and commitment, the Army stands ready to face whatever lies ahead, honoring its legacy while forging a path forward.

The Tampa Bay Buccaneers' 2025 training camp is expected to begin around July 16, 2025, and conclude around September 1, **2025**. These are the estimated dates for the first scheduled day of the first NFL training camp and the end of the training camp, respectively. The official training camp schedule, including open practices, will be announced closer to the start of camp.

- **Rookie Minicamp**: The 2025 rookie minicamp took place in May
- **Training Camp Start**: Training camp is expected to start on or about July 16, 2025
- **Training Camp End**: Training camp is expected to end on or about September 1, 2025.
- **Open Practices**: The Buccaneers typically announce a number of open practices during training camp for fans to attend
- **First Padded Practice**: Fans will have the opportunity to see the team in full pads during the first padded practice, which is typically reserved for Krewe Members
- **Training Camp Location**: The Buccaneers hold training camp at the AdventHealth Training Center in Tampa

- **Training Camp Assistants:** The Buccaneers offer part-time, temporary, paid positions to individuals wishing to gain practical experience in the NFL
- The Buccaneers typically announce their training camp schedule and open practice dates closer to the start of camp, so it's best to check the official Buccaneers website for the latest information
- Tickets to training camp practices are sometimes available
- The Buccaneers are known for their large fan base and positive training camp atmosphere.
